Inner label

Genesis® Fulvic Acid 6%

Active Ingredients:

Fulvic Acid

Directions for use

1. Genesis® Fulvic acid can be applied via all forms of irrigation without having to take special precautions.
2. It is non- hazardous and non-toxic, but normal protective measures should be adhered to.

Application rates

1. As a foliar spray or root drench apply 3 litres Genesis® Fulvic Acid/1000 litres of water.
2. Or as 1 litre/50kg fertiliser.

Application methods:

Genesis® Fulvic Acid can be applied to the soil by all known application methods.

Storage and shelf life:

- Genesis® Fulvic Acid can be stored at room temperature.
- Store away from food and foodstuff.
- Keep out of the reach of unauthorized persons and children.

Precautions

Whilst no adverse reports have been received Genesis® Fulvic Acid is nonetheless acidic so the following precautions constitute good handling procedures and safe farming practices.

- Handle with care.
- Do not inhale spray mix.
- Use protective clothing such as gloves and boots when mixing and during application.
- If skin or eye contact occurs rinse with copious amounts of water.
- Destroy empty containers and do not use for any other purpose.
